

# **Social Development -Learning Day – Learnings**

## **(DFK, BUDS & BALASABHA)**

1. The destitute can be uplifted from poverty through skill training or wage employment. This can be done through convergence with existing government programs.
2. Poverty can be addressed pro-actively only by channelizing income through different sources. This could be evolved by converging activities of DDUGKY and MGNREGS.
3. Convergences with other departments help to raise the fund for renovating the BUDS institutions.
4. We can make Model BUDS in different ways such as
  - A. Improving the infrastructure facilities,
  - B. Use of modern educational aids like Digital board, projector etc.,
  - C. Providing different need based therapies,
  - D. Providing support for livelihood activities to beneficiaries (above 18) and parents.
5. Balasabha members can initiate organic farming in their villages in connection with JLGs.
6. Balakrishi program can bring farming interest on children.
7. BMMU is a good concept to get acceptance and awareness of Kudumbashree activities to all the sections of the community. Through BMMU proper implementation and monitoring can be improved.
