

Report on ICBP for NULM City Mission Managers

My learning

- ❖ Urban sector overview given a clear picture about urbanization, urban governances and urban poverty
- ❖ Water supply and sanitation section gives a new ideas of different sanitation methods and it gives an opportunity to converge it with NULM component.
- ❖ SBM secession give awareness about the components of SBM the methods of waste managements and its importance in urban area.

Suggestions

- ❖ Include good practices in NULM, SBM, sanitisation, etc.
- ❖ Include more interactive sessions than lectures

Feedback about the training

- ❖ Informative

New Project Ideas

- ❖ New SCP can start in the area of waste management and sanitisation like green army, sanitisation product making etc.

Manu Soman

City Mission Manager,

North Paravur
