

REPORT ON THREE DAYS INTEGRATED CAPACITY BUILDING TRAINING AT CED, TRIVANDRUM

1. MY LEARNINGS

1. Got an opportunity to get acquainted with the concept of urbanisation and the various reforms and projects associated with urbanization.

2. SUGGESTIONS TO KUDUMBASHREE

1. Request to conduct Training Need Assessment before designing the training.
2. It will be highly beneficial if the NULM CMMUS are given more learning opportunities with projects, exposure visits etc.

3.FEEDBACK ABOUT THE TRAINING

1. It was a different learning experience apart from the trainings delivered so far by Kudumbashree, but the topics were vast and the time was limited.
2. More interactive sessions, discussions, usage of different tools for trainings could have been incorporated along with the training module.
3. Request to inform trainers the job profile of CMMS as many trainers were unaware about the area of operations of Managers.

4. SUGGESTIONS FOR THE PROJECT

1. Request to capacitate the other stake holders in the ULBs about the project.
