

NATIONAL URBAN LIVELIHOOD MISSION
INTEGRATED CAPACITY BUILDING PROGRAMME
TRAINING REPORT

1. My learnings

- Got aware about Urbanization, Basics of poverty, Poverty alleviation, feminization of poverty, reforms in urban development, components of NULM, water supply and sanitation, smart solutions to improve service delivery, Swachh Bharath mission, communications skills, team building and soft skills, PMAY, Smart City etc
- Group discussion and presentation – Convergence of NULM, PMAY and SBM- presented the idea regarding CLC.

2. Suggestions for kudumbashree

- In reviews include half an hour for refresher update training for various components *ie steps-to-follow for each task* from experienced managers to support the newly appointed managers for quick implementation of tasks.
- For making the training more effective can include audio –video tools.

3. Feedback about the training

The best teachers are those who show you where to look, but don't tell you what to see. Alexandra K Trendfor.

- The classes were conducted by expert facilitators and it was very useful.
- Discussions were very lively.
- We had ample opportunity to express our views and ideas.
- Exposure regarding urban as well as rural projects
- According to me this training was a great success

4. Project ideas

- Convergence of NULM, SBM & PMAY – in City Livelihood Centre
