Agriculture Division
Summary of annual plan 2018-19

No of scheme	Name of the scheme	Aim Physical	Total funds earmarked	Page no (where details are available)
Ag01	Organic farming	To promote the production of agricultural commodities with organic certification 10,000 Ha will be put under organic farming in 200 clusters in all districts	326.09 lakhs	4
Ag02	Homestead Passion fruit cultivation	Passion fruit cultivation in all districts. 10,000 seedlings will be distributed to each district for implementation of the project.	43.94 lakhs	6
Ag03	Intensive banana cultivation	Expand Intensive banana cultivation in 2000 Ar. of land across kerala by providing support to 2000 groups	96.2 lakhs	8
Ag04	Fallow less village	An initiative to identify and bring the fallow lands under each CDS into cultivation in Convergence with GPs and Agri Dept	2.8 lakhs	10
Ag05	Plant nurseries	140 plant nursery units will be established (10 per district) to ensure supply of quality seedlings and saplings	77 lakhs	12
Ag06	Agri Therapy	Agri-therapy programme envisages mental and physical development of the individuals BUDS and BRC through vegetable cultivation.	12.09 lakhs	14
Ag07	Producer companies	Establishing district / CDS level collectives and formation producer companies by providing tech and fin support	145.4 lakhs	16
Ag08	Value addition units in Major Crops	Establishing 85 value addition units and 10 Common Facility Centres in various crops across the state	205 lakhs	18
Ag09	Establishing tribal JLGs and tribal JEVA team	To ensure food security for the poorest of the poor (tribal JLGS) in the state	57.91 lakhs	20
Ag10	Medicinal plant cultivation	Medicinal plant cultivation on 500 Ha of land in 5 districts 2000 JLG formation for undertaking cultivation	80 lakhs	22
Ag 11	Paddy Producer company	Establishing collectives and formation State level paddy producer company promoting agency	552.25 lakhs	24

Ag 12	Interest subsidy , area incentives. Agricultural Technology Fund	Interest subsidy and area incentive to JLGs for bank linkages and cultivation respectively and also support To adopt new technologies in farm livelihood sector to increase the productivity and income of women engaged on a sustainable basis.	1031.5 lakhs	26
Ag 13	Agri fest	To exploit more marketing opportunities for JLG members and familiarize with the new agricultural technologies	80 lakhs	28
Total state plan			1243.20	
Total NRLM			482.66	
Total MKSP (Agri.)			679.12	
Total MKSP (VC)			305.20	
Grant total			2710.18 lakhs	

Part A-Roll out details
AG 01- Organic Farming

Aim: To promote the production of agricultural commodities with organic certification.

Project description: This is a prestigious programme envisaged by NRLM for the year 2018-19 under farm livelihoods. 10,000 ha will be put under organic farming in 201 clusters in all 14 districts by engaging 20,000 JLGs. One Cluster Level Coordinator (CLC) will monitor the activities of 50 JLGs. For this CLC would be given precise training to maintain stringent standards. 402 CLC will be engaged for 20,000JLGs. PGS certification would be sought for organic farming. From the already established Bio pharmacies, one from each block (total 152) would be strengthened to support the input needed for organic farming activities.

Total funds earmarked: 326.09 lakhs

Sl. No.	District	Physical target		Financial allotment

Monitoring table

Sl. No	Name of District	No of Clusters	No of JLGs	Area Under cultivation	No of JLG applied for Organic Certification	No of JLG got Certification	No of Bio Pharmacies established

AG 02- Passion Fruit Cultivation

Aim: Promote passion fruit cultivation in all districts.

Project description: This project is to popularize the passion fruit cultivation all over Kerala in view of the spreading acceptance and high returns of passion fruit.

The existing area under vines in each GP would be done prior to the start of the project to assess the gaps in production and marketing. This task is entrusted with NHGs and the circulars have already been issued. This process might be the first ever data collection of a single fruit crop done so rigorously and minutely statewide by any agency.

10,000 seedlings will be distributed to each district for implementation. The seedlings would be either be procured from Kudumbashree JLG groups or from VFPCCK at the rate of 15 Rs/ seedling or lower. Planting will start in May and harvesting 6-7 months later. 28,000 farmers are targeted for training and issuance of seedlings. Planting would be done in such a way that contiguous panchayats would be selected in a block for easiness in harvesting and transportation later. A collective system of harvesting is planned during harvesting season. The produce would be marketed through Nattuchanthas as well. Value addition and scale up will follow.

Total funds: 43.94lakhs

SI No	District	Physical target	Financial Allotment (rs)
1	Thiruvananthapuram	10, 000 seedlings/district	43.94 lakhs

AG 03- Intensive Banana Cultivation

Aim: Expand intensive banana cultivation in 2000 acres

Project description: Targeting the next Onam season 5000 acres are already under cultivation. Mapping of the present status of banana growing would be undertaken to assess the needs in view of the fact that during previous season there was high scope for value added products.

To market the produce during festive season Rs. 10,000 would be provided to district JEVA team as revolving fund. 1200 JLGs would be identified and trained for value addition and 600 units (@ 4 units/block) would be established across the state supporting them with 10,000 Rs. for procurement and marketing activity. In order to sustain and scale up the programme and value chain units 2000 more new JLGs would be brought up into banana cultivation.

Total funds: 96.2 lakhs

Sl no	District	Physical target		Financial Allotment (lakhs)

AG 04- Fallow-less Village Programme

Aim: To bring the fallow unproductive lands into cultivable lands for enhancing overall agricultural production and productivity in the state.

Project description: This is an Initiative to identify and bring the fallow lands under each CDS into cultivation. Fallow lands under each CDS will be mapped and cultivated in convergence with GPs, MNREGS and Agri Dept. Paddy lands would be given thrust under this programme. The targeted area for each district is 100ha inclusive of both dry and wetlands. MNREGS support would be utilized for land preparation and other basic activities.

Total funds: 2.8 lakhs (Convergence with GP, MNREGA and Agri. Departments)

Sl no	District	Physical target	Financial Allotment (lakhs)
1	Thiruvananthapuram	100 acres	0.20
2	Kollam	100 acres	0.20

AG 05- Plant Nurseries

Aim: Establishment of plant nurseries to ensure supply of quality seedlings to public and JLG groups with the aim of livelihood support

Project description: As of now, the seed and seedling requirements of every agricultural programme envisaged by Kudumbashree depends largely on external agencies like VFPCCK or KVKs. (Ex. Passion fruit). This project visions the self sustenance on demand of propagation material for us as well as supply of quality seedlings and saplings to all.

140 plant nursery units will be established (10 per district).The nursery sites would be identified in districts considering the aspects like, sizeable plot, road access, and availability of basic resources. 140 units would be identified and given high end training in different propagation and maintenance techniques. Revolving funds would be extended to each unit @ 50 000. Scale up and branding of Kudumbashree nurseries are also contemplated.

Total funds: 77 lakhs

Sl no	District	Physical target	Financial Allotment
1	Thiruvananthapuram	10 nurseries/ district	5.5 lakh/district

AG 06- Agri therapy

Aim: To start Agri-therapy programme in 155 BUDS schools

Project description: Agri-therapy programme envisages mental and physical development of the individuals BUDS and BRC through vegetable cultivation. In this project a minimum of 2 cents of land would be used for cultivation by the students. These lands can be either the school premises itself or adjoining lands used by the JLG groups.

A training session (to cover the supply of inputs) to school would be done at the rate of 5000/school. A master would be assigned the duty of managing the plot, he would visit the plot each week and guide the students.

Total funds: 12.09 lakhs

SI No	District	Physical target	Financial Allotment (lakhs)
1	Thiruvananthapuram	155 schools	12.09 lakhs
2	Kollam		
3	Pathanamthitta		
4	Alappuzha

AG 07- Producer Company

Aim: Establishing district / CDS level collectives and formation of producer companies by providing tech and fin support.

Project description: As part of MKSP value chain activity formation of producer companies would be encouraged through this project, targeting the establishment of 14 PCs across the state. For this at state level 200 staff personnel would be trained on PC formation. Each district will identify at least one PC on any commodity as per local preference. Support would be given in the form of administration expenses, infrastructure funds and share capital.

This project would get the assistance of NABARD promotional incentive @ 2 lakhs per PC.

Total funds: 145.4 lakhs

SI No	District	Physical target Commodity	Financial Allotment (lakhs)
1	Thiruvananthapuram	Poultry	Around 10 lakhs/district
2	Kollam	--

AG 08- Value Addition Units in Major Crops

Aim: Establishing 85 value addition units and 10 Common Facility Centres in various crops across the state

Project description: This project aims at establishing 85 value addition units in various crops like coconut, banana, mango, jack fruit, pine apple, passion fruit etc. across the state and 10 Common Facility Centres (CFCs) in selected districts as part of the value chain activity. The value addition units would be established by groups based on local availability of the produce and preference of the community. CFCs would be established at selected districts which cater to standardized packing, branding and marketing.

The scheme is loan linked and the subsidy is back ended. Each value addition unit can have a maximum of 2 lakhs each as subsidy for establishment and for CFCs the amount is 3 lakhs each as subsidy.

Total funds: 205 lakhs

Sl no	District	Physical target VA units	Physical target CFC	Financial Allotment (lakhs)

AG 9- Tribal JLGs and Tribal JEVA formation

Aim: Establishing tribal JLGs and tribal JEVA team

Project description: Formation of JEVA marked a mile stone in entrepreneurial guidance and evaluation in Kudumbashree agricultural interventions. To scale up and strengthen the activities in the poorest sections of the community, this project submit the concept of tribal JLGs and tribal JEVA team.

275 tribal JLGs would be formed across Kerala which practice on tradition agriculture. And also 31 JEVA members would be trained. Revolving funds to all tribal JLGs @ 10,000/JLG. Documentation of best practices would be done in all these districts.

Total funds: 57.91 lakhs

SI No.	District	Physical target	Financial Allotment (lakhs)
1	TVM	40 JLGs and 4 JEVA members	Revolving fund of Rs. 10,000/JLG (ST JLG only) Formation and training of Tribal JEVA team in all districts

AG 10- Medicinal Plant Cultivation

Aim: Medicinal plant cultivation for livelihood promotion

Project description: Medicinal plants used in ayurveda industry are about 400sp and the Medicinal plant related trade in India is 1000cr/yr. Only 10% of items is obtained from cultivated sources. Main collection is from the wild. Resource is depleting. Demand for ayurvedic products increase 30% every year. Explosion of Ayurvedic /Herbal FMCG products in India (Patanjali Ayurved, Himalaya, Dabur, etc.), Alternative medicines are being sought after for many lifestyle disorders and also the fact that India's exports of raw herbs and herbal products have increased multi-fold in the past 10 years, prompted this project.

Medicinal plant cultivation on 250 Ha of land by 2000 JLG for undertaking cultivation. 50 ha each per district is targeted. 5 collection centres would be established for supporting cultivation.

Total funds: 80 lakhs

Sl no	District	Physical target		Financial Allotment (lakhs)
		Area (Ha)	CFC	
1	Thiruvananthapuram	50	1	Training cost @ 2000/JLG and incentives @ 10,000/ha. Establishment of CFCs
2	Thrissur	50	1	
3	Wayanad	50	1	
4	Kannur	50	1	
5	Kozhikode	50	1	
	Total	250 Ha	5	80 lakhs

AG 11- Paddy Producer Company

Aim: Establishing district / CDS level collectives and formation of State level paddy producer company promoting agency

Project description: Establishment of 10 paddy collectives in the state and formation of an apex body for these producer companies are envisaged by this project. Revolving funds would given @ Rs 40/kg to these PCs for procurement and marketing. Along with these infrastructure funds would also be given. 4 CFCs would be established at strategical locations. After the setting up of regional PCs an apex state level promoting agency is the final target of this project.

Total funds: 552.25 lakhs

Sl no	District	Physical target	Financial Allotment (lakhs)
1	Thiruvananthapuram	Establishment of 10 paddy collectives and State level paddy producer company	Revolving funds for paddy collectives : (1000 t X 40 Rs/kg) = 4 Cr Infrastructure funds for Collectives (10X 3 lakhs= 30 Lakhs) Establishment of CFCs (100 lakhs) Mobilisation and training expenses (22.25 Lakhs)

14	Kasargode		
Total			552.25 lakhs

Implementation strategy with timeline and stepwise costs

Sl No	Activity	Timeline	Cost involved	Cost details
1	Mobilization of units and training	July - Aug	10	To mobilize 10000people
2	Member training	Aug	10	200x 5000
3	Training of BOD and management team	Dec	1.5	150 people @1000
4	Procurement of paddy (Revolving)	--	400	@ 40Rs/ 1000 tonnes

5	Infrastructure funds for Collectives	Sept - Oct	30	Rs.3 lakhs/ collective
6	Establishment of of CFCs	Aug-Sept	100	25 lakh each for setting 4 CFCs exclusively for paddy
7	Formation state level producer company	Sept- Oct	0.75	Training and handhold support
	Total		552.25 lakhs	

Policy decisions

SI No	Details of policy decision	Target date for order	Target date for rollout
1	Guidelines- formation of collectives, training, PC formation, procurement etc	June 31st	July 15th
2	Guidelines-utilization of revolving fund, establishment of CFCs, State level	July 15th	Aug 1st
3	Guidelines- formation of state level agency	Sept-Oct	Nov 1st

Monitoring table

Sl. No	Name of District	No of collectives	No of JLGs involved	Area of production (In tones)	CFCs established	Tonnes of paddy processed

AG 12- Interest Subsidy, Area Incentive and Agricultural Technology Fund

- Aim:** 1. To distribute interest subsidy and area incentive to JLGs
2. To adopt new technologies in farm livelihood sector

Project description: To distribute interest subsidy and area incentive to JLGs for bank linkages and cultivation respectively to all JLGs having linkages and cultivation.

Agriculture, inevitably, needs technology infusion to accelerate the production to feed the growing population. The technology deficit gap needs to be filled on a fast track basis to match productivity ratios with the rest of the country/world. New technologies are needed to push the yield frontiers further, utilize inputs more efficiently and diversify to more sustainable and higher value cropping systems.

Sixty thousand JLGs are currently engaged in farm livelihood activities of Kudumbashree and have been enjoying traditional method of agriculture. Encouraging the farmers, based on the micro environment that basically contain need, demand, feasibility and sustainability of the venture, support structures, convergence opportunities etc., to adopt latest agricultural technologies or innovative enterprises would be beneficial to enter into the next realm of farming activities. Agriculture technological fund extends financial assistance for implementing latest agricultural technologies through the adoption of novel technologies including improved varieties, innovative ideas, innovative crop management system, superior post-harvest processing techniques and value addition units etc.

Total funds: 1031.5 lakhs

Sl. No.	District	Physical target	Financial Allotment (lakhs)
1	Thiruvananthapuram	All eligible JLGs	Interest subsidy and area incentives = 1000 lakhs Mobilisation and training cost @ Rs.25,000/ district = 3.5 lakhs 40 % of the proposal subjected to a maximum of Rs.50,000/- per venture. Also, limiting to Rs. 2 lakhs per district = 28 lakhs
