No. Of members : 16

President : Reeja K

Secretary : Rajani K

Bank Account opened : Thrikkariapur Farmers services Co-operative
Bank Ltd, Thrikkariapur

JLGs included : Kadhali&Chaithanya

Date of visit : 06-08-17

As a part of Training and orientation visited NHG on 06-08-17 Sunday and collected information about them. It was a group of 16 members. During the visit I got a chance to attend their weekly meeting and to have interaction section with the members of NHG. That was a good experience for me. They were very active in most of the areas of operation like Mushroom cultivation, Bakery items production, farming, stitching etc.. They are becoming helping hand to those people who are suffering from serious health issues near to them. They collect money from various people and donate it to that help needed people. They requested us that they need training in some of the specific area. That will help to improve their capacity and skill to work better.

Community Development Society visit details:

Visited Kayyoorcheemeni CDS on 02-08-17 and interacted with the chairperson Sreelatha CT. She gave me clear picture about the CDS and their operations. Reena TP is holding the vice chairman position and Nimya as an accountant. Under this CDS there are 16 ADSs and 328 neighborhood groups. The kudumbasree members under this CDS are very active and initiative to start microenterprises. Around 45 MEs are registered under this CDS and registration is still in progress. One of the most successful micro enterprise under this CDS is Safalam Cashew processing unit. Which comes under Samagra Project by District Panchayat. And some other MEs are Nuetrymix, Kayyoor, MadhusreeCheemeni etc.. Some new MEs they are going to start are DTP unit, Coir Fed, Tailoring unit.

AsrayaBeneficiaryvisitreport

Mr. ChaklianThimman is one of the beneficiaries ofAsraya project under. He is aged 90 years and as living with his wife. His wife passes away in 2002. He is the beneficiary included in the first term of the project. His physical condition is poor and suffers from elderly diseases and he is not able to do any work for his lively hood. He gets food items on 25 th of every month through Asraya project. His house was damaged; the Gramapanchayath provided the financial assistance for the construction of his new house. The key was handed over to him on 30/06/17. It is advisable to expand the assistance to other areas like medical care which will improve his living condition.

Joint Liability Group visit details:

Name of JLG : HarithaVani

ADS : Udinoor Central

CDS : Padanna

No. Of members : 6

Register no : 37/ X / 8

Main Cultivations : Vegetables, Banana , Tapioca

Made a visit to the JLG on 06-08-2017 along with the kudumbasree members and made an interaction them. They were very active in cultivation. The other members of the kudumbasree also help them in farming and cultivation. They are using about 30 scent of place for vegetable farming. The mainproblem they are facing is the non availability of land for farming and also problem related to water. They used to sell their products in kudumbasree markets and to local peoples. They are receiving a good response from the market because of eco friendly cultivation without using chemical fertilizers and pesticides.

Micro Enterprise Visit Report-1

Name of the ME : Madhusree

Type of ME : Honey processing unit

Year : 2011

Panchayat and Ward : Kayyoor-Cheemeni, Ward V

ADS : Cheriyaakkara

Address :Panchayath Building,
KayyoorCheemeni,
Cheemeni, Phone: 9947364997

Date of Visit : 02-08-17

No. Of members : 3, Anitha KV, Bhargavi P, JalajaKumari

President : Bhargavi P

Secretary : Anitha KV

Source of fund : 50000 loan from Kudumbasree by 5 members

Bank Account : Kayyoor Service Co-operative Bank, Kayyoor

Visited Madhusree honey processing unit on 02-08-17 and interacted with the member of the unit. It was established in the year of 2011. Initially 5 members were there in the unit and later 2 of them left group for some personal issues. Currently the unit is running by 3 members. They are working in the panchayath building. The members received training from various panchayaths, blocks, Agricultural college, Padannakkad, etc.

Their product Honey has a demand in the market. They used to sell their products from their unit. And also some of the peddlers selling their products directly to the markets and home. The problems they facing are the lack of marketing activity. They never made any advertisement about the unit and products. Lack of fund and latest machinery is the another problem they are facing.

Micro Enterprise Visit Report-2

Name of the ME : Safalam

Type of ME : Cashew processing unit

Year : 2009
