1.	14.11.2017	Kollam	Kudumbashree School-Monitoring at Kalluvathukkal CDS and Adichanallur CDS.	It was an opportunity to interact with the NHGs. Kudumbashree School is a systematic approach towards educating and empowering the members and thereby strengthening the organisation. The classes on modules were followed by dynamic discussions. Participation of elected representatives is remarkable.	Continuity of classes, in the form of discussions to be ensured. It was observed that there are many illiterate members. Literacy classes in convergence with Literacy Mission to be arranged.
