

Exposure Visit

A group of 24 young people from different countries mostly from Asia, Africa and South American countries visited Kudumbashree on 24th July, 2017 for learning about Kudumbashree. The team consisting of young people who want to start their own social ventures in their home countries conducted an interaction with Kudumbashree Programme Managers and undertaken a field exposure visit in Trivandrum District (Pattom, Pallichal, Kattakada and Kottukal). They visited one Catering Unit, one individual micro enterprise, one group enterprise and one Nutrimix unit in Trivandrum. The participants are undergoing a 7 month international leadership training programme as part of the organization – Braille Without Borders. They have come to India for learning social issue analysis, project proposal writing, project management, speech communication, social campaigning, fund raising, media production and management.

Ajith Chacko, COO – NRLM, gave an orientation on Kudumbashree and made an interaction with the participants on various topics such as objectives of Kudumbashree, challenges faced by micro enterprises, women empowerment through Kudumbashree and sustainability of women federations. Prabhakaran, Jiji, Dr. Shameena and Das Vincent explained various schemes of Kudumbashree.
