

Decisions of 'MIS - State Plan Review meeting' on February 5th and 6th, 2019 at State Mission Office

Following are discussed in the programme review meeting:-

1. Annual Plan for FY 2019-20
2. Decisions on the completion of activities during FY 2018-19

1. Annual Plan for FY 2019-20

1. Rollout of Transaction Based MIS(TBMIS) in all rural ADSs

- Like the way of implementing transaction based MIS in SHGs, will develop a standard operating system for rolling out transaction based system in ADSs/first level federations.
- CDS will be the data entry location of ADS transaction data.
- CDS/block level training will be provided for scale up of this activity.
- Technical support will also be provided to CDSs for the best productivity.

2. Continuation of TBMIS in all rural NHGs through NRLM CBOTRANS portal

- Monthly transaction data uploading of 2.28 Lakh rural SHGs into CBOTRANS portal will be continued in FY 19-20.
- As part of continuing monthly transaction data entry, a book having transaction data sheets will be printed and given to each rural NHG.
- A data routine mechanism from rural SHGs to CDSs will be developed as CDS is data entry location

3. System Improvement at Block level

- To strengthen the continuity of transaction based MIS in community based organizations, technical support from block mission management units may be improved.
- As part of giving quick technical support to CDSs, laptop and dongle will be provided to 152 MIS block coordinators.
- Software skill development programme and recent trends in MIS, may be provided to MIS block coordinators.

4. Improve the connectivity of all district missions in single point

- Connectivity among CDSs(Second level federations),block/district/state mission management units will be achieved through setting up of quick web connectivity facility.

- Bulk messaging, video conferencing to all mission staff and other stake holders; IVRS to public & CBOs.

5. Implementation of connecting mission management offices through DDFS

- To improve the efficiency of file processing of State Mission and District Mission.
- To reduce the gap in communication between State Mission and District Mission.

6. Improve/Up-grade existing state MIS software

- Upgrade new projects of Kudumbashree and make the software more user-friendly.

2. Decisions on the completion of activities during FY 2018-19

Scale up of Transaction based SHG digital Accounting System in all rural NHGs in districts

- Total progress is achieved in this PRM is 2Lakh
- Complete 100% achievement in all districts before Mar 31st, 2019
