

Management Information System 2019 – 2020

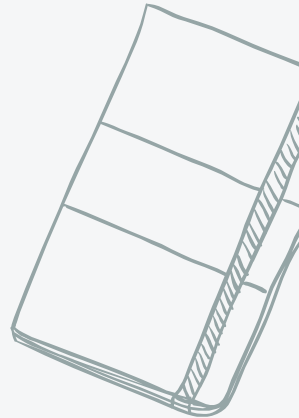

The first rule of any technology used in a business is that automation applied to an efficient operation will magnify the efficiency. The second is that automation applied to an inefficient operation will magnify the inefficiency.

Bill Gates

Vision

Make avail all kind of data regarding *Kudumbashree* projects in single point and improve the existing system of MIS (management information system) and M&E (monitoring and evaluation)

Goals

1) Rollout of Transaction based MIS(TbMIS) in all rural ADSs and Continuation of TbMIS in all rural NHGs through NRLM CBOTRANS portal

2) Implementation of System improvement mechanism in CDSs, Blocks:

- MIS training and capacity building for all MIS block coordinators
- Purchase of laptop and dongles for all block coordinators and rural CDSs

- Goals

3) Improve the connectivity of all district missions in single point:

- ▶ Bulk messaging, video conferencing to all mission staff and other stake holders; IVRS to public & CBOs

4) Implementation of connecting mission management offices through DDFS

5) Improve/Up-grade existing state MIS software

Monitoring parameters

- All rural NHGs' and ADSs' latest monthly transaction data will be available at NRLM CBOTRANS portal before the end of next month
- All rural profiles (NHG, Member) will be available at NRLM MIS portal before 15th of next month
- All nrlm fund (CIF, RF, VRF) disbursement details from district missions to CBOs, will be available at portal before the end of every month
- All NHGs' (including rural & urban) monthly progress data will be available at state MIS portal & website before the 15th of next month.

Every time there's a new tool, whether it's Internet or cell phones or anything else, all these things can be used for good or evil. Technology is neutral; it depends on how it's used.

Rick Smolan

Thank

you
