The three day training program for Sneetha-staff's was very informative. It gave a bird's-eye view of the functions of Sneetha. The first day Gender Sensitisation class

~~was~~ was very interesting. The activities and interactive sessions kept it from being monotonous. The Sensitization class gave me a better understanding of Gender and the difference between Gender & Sex.

The Second ~~day~~ ^{very} & Third day classes were ~~also~~ ^{very} the perspective & the trainers managed to convey what they meant to the participants. I gained better understanding about various laws & history of Sneetha.

In my opinion, the trainees are well qualified, effective & people who think ^{out} beyond the box. A class about the 'Roles' & Responsibilities of Snehta Staffs, Reports & paper works to ~~be~~ kept should have been kept.

Overall was not informative class experience.
