

1000 Green Enterprises in association with Haritha Karma Sena Project

Haritha Karma Sena(HKS) is developed at local self government institutions (LSGIs) for the effective management of non-bio wastes by providing various door to door waste management services.

Three types Haritha Karma Sena formation methods:

- 1) Through Kudumbashree system under the leadership of Community Development Societies(CDSs)
- 2) Through Private Agencies/NGOs
- 3) LSGIs self formed system

In more than 90% of active local bodies, Kudumbashree women are working as Haritha Karma Sena members formed through the above three formats.

In category 1 type, LSGI entrust Kudumbashree CDS for undertaking household level waste management activities through CDS registered women enterprise groups. Here LSGI is giving ownership to Kudumbashree CDS to tap this income generation activities by serving people. Selection of entrepreneurs, enterprises and Monitoring activities are done through Kudumbashree CDS system. LSGI monitor these public service activities through Kudumbashree CDS system. Kudumbashree CDS directly monitor the activities of Haritha Karma Sena members.

Government Order 1496/2020/LSGD issued in August 2020, describes the formation of Haritha Karma Sena Enterprise Models.

AS per this order 4-10 Kudumbashree Haritha Karma Sena members in an LSGI, will constitute a Haritha Karma Sena enterprise and executive representative members association of all such enterprise groups in an LSGI will form Enterprise Consortium. Haritha Karma Sena Consortium will also register as an enterprise of Kudumbashree to handle the local body level enterprise opportunities for this association.

In category 2 & category 3 types, where LSGIs select Haritha Karma Sena members with the support of private agencies and ward members, the whole Haritha Karma Sena not belongs to Kudumbashree members. In this category, Kudumbashree is providing enterprise opportunity for our members as an additional income generation micro enterprises.

Haritha Karma Sena livelihood opportunities are categorized in 5 types,

Category 1 HKS Green Enterprises :

Kudumbashree Haritha Karma Sena green enterprises for door to door waste management services:

Haritha Karma Sena member's door to door waste management activities itself is a green enterprise activity that reduce waste in huge levels and support our environment from the contamination of plastic wastes. In most of the urban natured local bodies, members are getting enough days of work and income from these basic level activities without adding any additional level activities. 4-10 member Kudumbashree group is registering in CDS as Haritha Karma Sena ME unit and take over door to door waste management activities of local bodies through CDS.

Category 2 HKS Green Enterprises with additional income generation options:

Kudumbashree Haritha Karma Sena green enterprises for door to door waste management services with additional income generation activities:

This kind of enterprises are developing mainly in rural type of local bodies where door to door waste management services are limited for a minimum number of days and income from this service is not viable for members to tackle their livelihood requirements.

In this category of enterprises, are registered in Kudumbashree CDSs as Haritha Karma Sena units and entrepreneur's main activities include user fee based door to door non-bio waste collection, selling of collected non-bio materials, selling & servicing of bio waste management equipments, door to door farming supports, manure production from bio wastes, various cleaning and disinfection services, renting of green protocol and agricultural utensils, to act as Green Protocol event management and serving unit and plastic alternative production & selling units etc. 4-10 haritha karma sena kudumbashree members registered in Kudumbashree CDS(Community Development Societies) will act as Haritha Karma Sena Units and tap additional income opportunities based on the available days after placing a fixed number of days for LSGI assigned door to door waste management services. Registrations of these units are being done as Haritha Karma Sena units and unit members are utilizing their additional days by adopting various sanitation related services.

Category 3 Haritha Karma Sena Green Consortium Enterprises:

Haritha Karma Sena operation is conducting through Consortium operation in most of the active LSGIs. Haritha Karma Sena Micro Enterprise units formed in nearby wards will make an association as Consortium to grab maximum enterprise opportunities along with their collective operation. Representatives from each enterprise will form Consortium executive committee and all HKS members belongs to General Assembly of Consortium. In some LSGIs, HKS operation is done only through Consortium registered as ME units without forming small enterprise groups. Consortium is also registering as Kudumbashree enterprise in CDS to collect work orders as an association by considering benefits of its all members. At LSGI level consortium finds work orders for its member enterprise groups and save a percentage of income as corpus fund for the benefits of its members and for the operational cost.

Two types of Consortia:

- 3.1) Consortium formed from Micro Enterprise groups
- 3.2) Consortium without sub enterprises and working as a single enterprise.

Category 4 Additional Income Enterprises:

Kudumbashree Green Enterprises/Additional Income enterprises for wage employed HKS:

In category 2 LSGIs and in some LSGIs of category 3 types, Kudumbashree members are getting door to door waste management services as wage employment type of livelihood opportunity. Haritha Karma Sena livelihood opportunities are open for all members irrespective of Kudumbashree membership. Here members are working under private agencies that made waste management service agreement with LSGIs or under LSGIs that provide monthly salary for employment. But in many of these type LSGIs, number of working days is not adequate for a sustainable monthly income for Kudumbashree members. So Kudumbashree is providing additional income options for our members to tackle the situation by providing enterprise opportunities to form ME units based on their existing skills and aptitude. These types of enterprises are sub divided into two types,

- 4.1) Kudumbashree **additional income Green Enterprises** that deal with sanitation and eco friendly services only: Eco friendly cloth bag unit, Green Protocol Renting Units etc.

4.2) Kudumbashree **additional income enterprises**: Enterprise development based on members existing skills and choices of market. These units may not be come under sanitation sector enterprises. Eg: Janakeeya Hotel/Catering Units/Chappathi Making Units, Stitching Units etc.

Category 5 Haritha Karma Sena wage employment or non-enterprise category:

Similar to above category; i.e, In category 2 LSGIs and in some LSGIs of category 3 types, Kudumbashree members are getting door to door waste management services as wage employment type of livelihood opportunity. Haritha Karma Sena livelihood opportunities are open for all members irrespective of Kudumbashree membership. Here members are working under private agencies that made waste management service agreement with LSGIs or under LSGIs that provide monthly salary for employment. In this type of livelihood category, members are getting full months work or satisfying with earnings from their basic activities. Members are working as wage or salaried employee in haritha karma sena services.
