

Yet another recognition @ national level

S. HARIKISHORE I A S

Executive Director
Kudumbashree

We had We had already explained about DDUGKY (Deen Dayal Upadhyaya Grameen Kaushalya Yojana) Programme (Making an Impact-04) and the innovative convergence we had in the project implementation (Making an Impact-60). Now, Kudumbashree has received yet another national recognition with regard to the implementation of this programme.

Skill training is imparted to the candidates through selected training agencies. As per the standard operation procedure, there will be a detailed qualitative appraisal of these agencies before their selection. The appraisal is a very critical part of agency selection and is executed in two phases.

In the first phase, the records submitted by the training agencies are verified at desk and in the second phase, there will be a detailed analysis of their past performance and capability to train and place candidates. During this second phase, there will be field visit to the office of the applying agencies for studying their capability in detail. Training target is allotted to them only on the basis of marks secured during the appraisal process (and on the basis of the relevance of the proposed courses). The report on the performance of each agency during this phase is submitted for approval of Project Appraisal Committee chaired by secretary to government.

In other states, this activity is executed by two nations level institutes. But in Kerala, Kudumbashree Mission took up the activity of checking the efficiency of the training agencies.

The process followed by Kudumbashree for this appraisal process has now received recognition at national level.

Now, Ministry of Rural Development (MoRD) has selected Kudumbashree as an agency competent to conduct the qualitative appraisal of the training agencies of all states of the country! No other implementing partner institute had received this status until now. And I feel that this is a real recognition for my teams hard work and efficiency.

Note: Those societies, trusts, institutions and companies who wish to become the training agency of DDUGKY programme may download the Expression of Interest (whenever we upload) from this link:
